**Subject:** Thank you for assisting York County in getting rid of the sewage in Lake Wylie.

Dear Governing Body,

Thank you for assisting York County in getting rid of the sewage in Lake Wylie.

Utilities, Inc. /Tega Cay Water Service (UI/TCWS) has been fined twice once for \$22,000 and next for \$60,000.

The customers wind up paying the fines for them with the dollars going to the County and the State **NOT** the people whose health is at risk.

These fines should have gone to the City of Tega Cay to purchase the system and renovating it.

**Twenty three years later and we are still experiencing the same problems!**

People tell us they are working to solve this, yet I would **NEVER** be allowed to **break the law** as this company has for years.

Our complaints are real and genuine; **based on the laws** so we need someone to direct us to the person/persons to contact that will **uphold the laws.**

**What about protecting the people** why is this **NOT** happening?

UI/TCWS touts the fact that it will cost millions to fix the problems.

They have received millions from the past rate increases **BUT we have no relief just more sewage spilled into the lake, in private yards, and in homes.**

Where did the money from all of these rate increases go?

Get UI/TCWS to stop talking about how much it will cost to fix the system (we know they are planning the next rate increase) and give the system to the City of Tega Cay who will care enough about their citizens health and well-being to fix it properly.

Every time UI/TCWS is awarded another rate increase by ORS and PSC the customers are adding to the company's assets.

**Now they expect us to pay for them again if we purchase those same assets????**

**WE NEED YOUR HELP!**

**Subject:** Requesting your assistance.

Dear Governing Body,

I am requesting your assistance.

As DHEC placed a **Notice of Violation** on the waste water treatment plants in Tega Cay January 7, 2014 and because these plants have continuously spilled sewage into Lake Wylie, as recently as January 11, 2014 with **no repercussions** other than this Notice, I am requesting that the **permits be held** until the problems are fixed permanently or the City has purchased the system.

Thank you and look forward to your response,

Jolene Church
